About Us

IEM Kolkata, short for the Institute of Engineering and Management, is a prestigious engineering and management institution located in Kolkata, India. Known for its academic excellence and innovative programs, IEM Kolkata offers a wide range of undergraduate and postgraduate courses in engineering, management, and other related fields. The institute is renowned for its state-of-the-art facilities, distinguished faculty, and a strong commitment to nurturing future leaders in the fields of technology and business. IEM Kolkata has a rich history of producing skilled professionals and entrepreneurs, with a focus on fostering research and innovation. The institution emphasizes practical learning and industry collaboration to ensure students are well-equipped for real-world challenges. Its strong network of alumni and industry connections further enhances the opportunities available to its graduates, making IEM Kolkata a prominent choice for those seeking quality education and career prospects.

We welcome you in the International Conference on Chemical and Environmental Sciences 2024 (ICCAES 2024), scheduled to be held during 11-13 January, 2024 in Kolkata, India. The conference will be organised by Department of Basic Science and Humanities, Institute of Engineering & Management, Kolkata. The conference will be on Hybrid platform. ICCAES is an interdisciplinary forum on all aspects of Chemistry and Environmental Sciences including Spectroscopy and its application, Synthetic Chemistry, Green Chemistry, Application of Nanobiotechnology, Polymer Chemistry, Materials Chemistry, Bioinorganic catalysis, Pharmaceutical Chemistry and Drug discovery, Food Chemistry, Agricultural Chemistry, Theoretical Chemistry, Industrial Chemistry, Natural Chemistry, Bioanalytical Chemistry, Radio and Nuclear Chemistry, Energy application in Chemistry.

ICCAES 2024 will include keynote lectures and plenary talks delivered by eminent speakers and scientific presentations, poster competitions, model exhibition, quiz etc. One workshop or training program will be conducted by experts working in IPR, biosafety and ethics in order to enlighten us by their experience. We would like to invite you to contribute to the current trends in Chemistry, Environmental Science and Green Chemistry by attending ICCAES 2024 and participate in a highly productive interdisciplinary exchange of ideas with colleagues from all over the world, including eminent scientists from universities and national laboratories.
